

## **Open wide for better health. That's our message to your employees.**

A compelling body of research shows the connection between a healthy mouth and overall health. In fact, more than 120 diseases could cause specific signs and symptoms in and around the mouth and jaw.<sup>1</sup> At Delta Dental, we're spreading the word that taking care of your mouth takes care of you. We're also incorporating these research findings into a new product design, and tailoring coverage to meet the needs of at-risk populations. That's good news for businesses. Because having healthier employees can lead to a healthier bottom line.
