Dependent children covered under a family plan are covered under these benefits from age 19 up until the end of the month that they turn age 26. Children under age 19 have different coverage.			

***Out-of-network care:** This Plan does not pay for services received out-of-network. You pay the *non-participating dentist's* charge. To find a *participating dentist*, go to www.deltadentalri.com.

***Time limits** on services (e.g. 6, 12, 24, 36, or 60 months) are figured to the exact day. Services are then covered the following day. For example, when a service is covered once every 12 months, if the service was done on July 1, it will not be covered again until the following year on July 2 or after.
